

Mateen Ataar

Web Developer Trainer (IT)

[+917058804143](tel:+917058804143)

mateenataar07@gmail.com

Education:-

BCA (Bachelor of Computer Application)

Grade: - A

Swami Ramanand Teerth Marathwada University, Nanded
Maharashtra, India

Objective:-

Dedicated and passionate **Web Developer Trainer and HTML Faculty** with **1.5 years of teaching experience at MMU** and industry experience in Angular development. Seeking a teaching position in a college where I can deliver practical, industry-oriented knowledge of HTML, CSS, JavaScript, and modern web technologies.

PROFESSIONAL SUMMARY:-

- Experienced HTML Trainer with strong focus on practical teaching and live coding
- 3+ years of experience in Angular Front-End Development
- Strong knowledge of HTML5, CSS3, JavaScript, and Angular
- Experience in teaching students beyond syllabus including CSS, JavaScript, Angular basics
- Skilled in simplifying complex concepts into easy and understandable lessons
- Focus on project-based learning and real-world application development

Teaching Experience:-

HTML Trainer – MMU (1.5 Years)

- Taught **HTML from basic to advanced level** to college students
- Conducted **live coding sessions and practical labs**
- Helped students build **real-world projects and websites**
- Provided additional knowledge in:
 - CSS (Responsive Design, Flexbox)
 - JavaScript (DOM Basics)

- Angular (Introduction)
- Guided students towards **industry-level skills and freelancing awareness**
- Created a **student-friendly and interactive learning environment**

Technical Skills:-

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Angular
- **Frameworks/Libraries:** Angular Material, Bootstrap
- **Concepts:** Responsive Design, DOM, REST API Integration
- **Tools:** VS Code, Git, GitHub, Postman
- **Others:** RxJS, Reactive Forms, Routing

Additional Computer Skills:-

- MS Office (Word, Excel, PowerPoint)
- Document Handling & Conversion (Word to PDF, PDF to Word)
- Basic Computer Operations & File Management

Teaching Approach:-

- Focus on **practical learning instead of theory**
- Use **real-life examples and live coding**
- Encourage students to build **projects and portfolios**
- Provide **extra knowledge beyond syllabus**
- Prepare students for **jobs and freelancing**

Strengths:-

- Strong communication and explanation skills
- Practical and student-focused teaching style
- Quick learner and adaptable
- Passion for teaching and mentoring

Languages:-

- English
- Hindi
- Marathi
